

The Innocent Pet Care Company Risk Assessment- Malton Food Lovers Festival 2019

Hazard Includes: Combustible materials (LPG, rubbish etc) Ignition sources (flames, smoking etc)	Persons at Risk There is no need to list individuals, just think about groups of people who could be affected by an incident (staff, public etc)	Likelihood	Severity	Risk Level	Measures taken to Minimise Risk
Slips and trips	Staff and visitors may be injured if they trip over objects lying around or incorrectly stored or if they slip on spillages	2	2	4	Regular monitoring carried out by all staff. Any spillages reported and cleared away as soon as possible.
Manual handling	Staff injuries caused when carrying equipment / product to and from the exhibiting space.	2	2	4	Care taken not to overload. Trolley available if required.
Weather conditions may disrupt marquee	Staff and visitors may be injured if the marquee is damaged in adverse weather conditions.	2	2	4	Continuous monitoring carried out by staff. Marquee securely and properly fixed with regular maintenance during course of event.
Overheating in marquee	Staff, visitors and pets	1	2	2	The walls can be removed and staff will be provided with plenty of water in the event it gets too hot. Water bowl provided for pets
Waste/ rubbish removal	Staff	1	2	2	PPE provided where necessary. All staff trained on manual handling. Care taken no to overload.

Likelihood	Severity of Injury	Risk Level	Action required
Most unlikely -1	Trivial injury -1	Minimal risk -1 & 2	Maintain controls
Unlikely -2	Slight injury -2	Low risk -3 & 4	Review controls
Likely -3	Serious injury -3	Medium risk -6 & 8	Improve controls
Most likely -4	Major injury or death -4	High risk -9 & 16	Improve controls and consider stopping work

I confirm that the business trading as The Innocent Pet Care Company complies with the above Health and Safety checklist and the assessment has been carried out.
