

You have requested an electrical connection at the Flavours Of Yorkshire event at Galtres Park.

To help our electrician balance the power supplies please list in the table below the equipment you are plugging in. Please also indicate the type of connection (13amp domestic, 16amp commando or 32amp commando) and the total wattage of the appliance (this information can usually be found on a plate or sticker next to the power cord). Please remember that your equipment should be PAT tested and the relevant certificates available for inspection upon request.

13amp Domestic

Business Name	Pitch (for office use)

Electrical item	13amp (domestic)	16amp (commando)	32amp (commando)	Wattage
E.G = Burco Boiler				3000

NOTES:
